

Dear Aetna Member:

To make it easier for you to make informed health care decisions, we've put your Schedule of Benefits and your Booklet on line on your Aetna Navigator secure member website. Your Schedule of Benefits and your Booklet provide key detail about your health care benefits, including your share of the cost and which services are covered. You can log into Aetna Navigator on www.aetna.com. When you get to your secure home page, just select Benefits and then Details.

If you change Aetna Health plans or if your coverage changes, you can always rely on Aetna Navigator to display the most up to date versions of the Schedule of Benefits and your Booklet.

If you do not have access to the Internet or would prefer a paper copy, please contact your employer's benefits office.

Sincerely,

Aetna
