Important Information Regarding Availability of Coverage (GR-9N 02-005 02)

No services are covered under this *Booklet-Certificate* in the absence of payment of current premiums subject to the *Grace Period* and the *Premium* section of the *Group Insurance Policy*.

Unless specifically provided in any applicable termination or continuation of coverage provision described in this *Booklet-Certificate* or under the terms of the *Group Insurance Policy*, the plan does not pay benefits for a loss or claim for a health care, medical or dental care expense incurred before coverage starts under this plan.

This plan will not pay any benefits for any claims, or expenses incurred after the date this plan terminates.

This provision applies even if the loss, or expense, was incurred because of an **accident, injury** or **illness** that occurred, began or existed while coverage was in effect.

Please refer to the sections, “*Termination of Coverage (Extension of Benefits)*” and “*Continuation of Coverage*” for more details about these provisions.

Benefits may be modified during the term of this plan as specifically provided under the terms of the *Group Insurance Policy* or upon renewal. If benefits are modified, the revised benefits (including any reduction in benefits or elimination of benefits) apply to any expenses incurred for services or supplies furnished on or after the effective date of the plan modification. There is no vested right to receive any benefits described in the *Group Insurance Policy* or in this *Booklet-Certificate* beyond the date of termination or renewal including if the service or supply is furnished on or after the effective date of the plan modification, but prior to your receipt of amended plan documents.

Coverage for You and Your Dependents

Health Expense Coverage

Benefits are payable for covered health care expenses that are incurred by you or your covered dependents while coverage is in effect. An expense is “incurred” on the day you receive a health care service or supply.

Coverage under this plan is non-occupational. Only **non-occupational injuries** and **non-occupational illnesses** are covered.

Refer to the *What the Plan Covers* section of the *Booklet-Certificate* for more information about your coverage.

Treatment Outcomes of Covered Services

Aetna is not a provider of health care services and therefore is not responsible for and does not guarantee any results or outcomes of the covered health care services and supplies you receive. Except for Aetna RX Home Delivery LLC, providers of health care services, including hospitals, institutions, facilities or agencies, are independent contractors and are neither agents nor employees of **Aetna** or its affiliates.

When Your Coverage Begins

(GR-9N 29-005-01-OK)

Who Can Be Covered

How and When to Enroll

When Your Coverage Begins

Throughout this section you will find information on who can be covered under the plan, how to enroll and what to do when there is a change in your life that affects coverage. In this section, “you” means the employee.

Who Can Be Covered

Employees

To be covered by this plan, the following requirements must be met:

- You will need to be in an “eligible class”, as defined below; and
- You will need to meet the “eligibility date criteria” described below.

Determining if You Are in an Eligible Class

You are in an eligible class if:

- You are a regular full-time employee, as defined by your employer.

Probationary Period

Once you enter an eligible class, you will need to complete the probationary period before your coverage under this plan begins.

Determining When You Become Eligible

You become eligible for the plan on your eligibility date, which is determined as follows.

On the Effective Date of the Plan

If you are in an eligible class on the effective date of this plan, your coverage eligibility date is the effective date of the plan.

After the Effective Date of the Plan

If you are hired or enter an eligible class after the effective date of this plan, your coverage eligibility date is the first day of the month coinciding with or next following the date you complete 30 days of continuous service with your employer. This is defined as the probationary period. If you had already satisfied the probationary period before you entered the eligible class, your coverage eligibility date is the date you enter the eligible class.

Obtaining Coverage for Dependents (GR-9N 29-010-01 OK)

Your dependents can be covered under your plan. You may enroll the following dependents:

- Your legal spouse; and
- Your dependent children, including your adopted child from the date of placement of the child in your custody.

Aetna will rely upon your employer to determine whether or not a person meets the definition of a dependent for coverage under the plan. This determination will be conclusive and binding upon all persons for the purposes of this plan.

Coverage for Dependent Children (GR9N 29-010-02-OK)

To be eligible, a dependent child must be:

- Unmarried; and
- Under age 25, as long as he or she is a full-time student at an accredited institution of higher education and solely depends on your support*.

An eligible dependent child includes:

- Your biological children;
- Your stepchildren;
- Your legally adopted children; including any children placed with you for adoption, benefits shall be payable from the date of placement of the child in your custody;
- Your foster children, including any children placed with you for adoption;
- Any children for whom you are responsible under court order;
- Your grandchildren in your court-ordered custody; and
- Any other child who lives with you in a parent-child relationship.

Coverage for a handicapped child may be continued past the age limits shown above. See *Handicapped Dependent Children* for more information.

Important Reminder

Keep in mind that you cannot receive coverage under the plan as:

- Both an employee and a dependent; or
- A dependent of more than one employee.

How and When to Enroll (GR-9N 29-015 02-OK)

Initial Enrollment in the Plan

You will be provided with plan benefit and enrollment information when you first become eligible to enroll. You will need to enroll in a manner determined by **Aetna** and your employer. To complete the enrollment process, you will need to provide all requested information for yourself and your eligible dependents. You will also need to agree to make required contributions for any contributory coverage. Your employer will determine the amount of your plan contributions, which you will need to agree to before you can enroll. Your employer will advise you of the required amount of your contributions and will deduct your contributions from your pay. Remember plan contributions are subject to change.

You will need to enroll within 31 days of your eligibility date.

If you do not enroll for coverage when you first become eligible, but wish to do so later, your employer will provide you with information on when and how you can enroll.

Newborns are automatically covered for 31 days after birth. To continue coverage after 31 days, you will need to complete a change form and return it to your employer within the 31-day enrollment period.

Annual Enrollment

During the annual enrollment period, you will have the opportunity to review your coverage needs for the upcoming year. During this period, you have the option to change your coverage. The choices you make during this annual enrollment period will become effective the following year.

If you do not enroll yourself or a dependent for coverage when you first become eligible, but wish to do so later, you will need to do so during the next annual enrollment period.

When Your Coverage Begins

Your Effective Date of Coverage

Your coverage takes effect on the date you are eligible for coverage

Your Dependent's Effective Date of Coverage

Your dependent's coverage takes effect on the same day that your coverage becomes effective, if you have enrolled them in the plan by then.

Note: New dependents need to be reported to **Aetna** within 31 days because they may affect your contributions.

Requirements For Coverage (GR-9N-09-005-01-OK)

To be covered by the plan, services and supplies must meet all of the following requirements:

1. The service or supply must be covered by the plan. For a service or supply to be covered, it must:
 - Be included as a covered expense in this Booklet-Certificate;
 - Not be an excluded expense under this Booklet-Certificate. Refer to the *Exclusions* sections of this Booklet-Certificate for a list of services and supplies that are excluded;
 - Not exceed the maximums and limitations outlined in this Booklet-Certificate. Refer to the *What the Plan Covers* section and the *Schedule of Benefits* for information about certain expense limits; and
 - Be obtained in accordance with all the terms, policies and procedures outlined in this Booklet-Certificate.
2. The service or supply must be provided while coverage is in effect. See the *Who Can Be Covered, How and When to Enroll, When Your Coverage Begins, When Coverage Ends* and *Continuation of Coverage* sections for details on when coverage begins and ends.
3. The service or supply must be **medically necessary**. To meet this requirement, the dental services, supply must be provided by a **physician**, or other health care provider or **dental provider**, exercising prudent clinical judgment, to a patient for the purpose of preventing, evaluating, diagnosing or treating an **illness, injury**, disease or its symptoms. The provision of the service or supply must be:
 - (a) In accordance with generally accepted standards of dental practice;
 - (b) Clinically appropriate, in terms of type, frequency, extent, site and duration, and considered effective for the patient's **illness, injury** or disease; and
 - (c) Not primarily for the convenience of the patient, **physician** or **dental provider** or other health care provider;
 - (d) And not more costly than an alternative service or sequence of services at least as likely to produce equivalent therapeutic or diagnostic results as to the diagnosis or treatment of that patient's **illness, injury**, or disease.

For these purposes “generally accepted standards of dental practice” means standards that are based on credible scientific evidence published in peer-reviewed dental literature generally recognized by the relevant dental community, or otherwise consistent with **physician** or dental specialty society recommendations and the views of **physicians** or **dentists** practicing in relevant clinical areas and any other relevant factors.

Important Note

- Not every service, supply that fits the definition for **medical necessity** is covered by the plan. Exclusions and limitations apply to certain dental services, supplies and expenses. For example some benefits are limited to a certain number of days, visits or a dollar maximum. Refer to the *What the Plan Covers* section and the *Schedule of Benefits* for the plan limits and maximums.

How Your Aetna Dental Plan Works

(GR-9N 16-005 01 OK)

Common Terms

What the Plan Covers

Rules that Apply to the Plan

What the Plan Does Not Cover

Understanding Your Aetna Dental Plan

It is important that you have the information and useful resources to help you get the most out of your **Aetna** dental plan. This Booklet-Certificate explains:

- Definitions you need to know;
- How to access care, including procedures you need to follow;
- What services and supplies are covered and what limits may apply;
- What services and supplies are not covered by the plan;
- How you share the cost of your covered services and supplies; and
- Other important information such as eligibility, complaints and appeals, termination, continuation of coverage and general administration of the plan.

Important Notes:

Unless otherwise indicated, "you" refers to you and your covered dependents. You can refer to the Eligibility section for a complete definition of "you".

This Booklet-Certificate applies to coverage only and does not restrict your ability to receive covered expenses that are not or might not be **covered expenses** under this dental plan.

Store this Booklet-Certificate in a safe place for future reference.

Getting Started: Common Terms (GR-9N 16-010 01 OK)

Many terms throughout this Booklet-Certificate are defined in the *Glossary* Section at the back of this document. Defined terms appear in bolded print. Understanding these terms will also help you understand how your plan works and provide you with useful information regarding your coverage.

Getting an Advance Claim Review (GR-9N 16-035-01)

The purpose of the advance claim review is to determine, in advance, the benefits the plan will pay for proposed services. Knowing ahead of time which services are covered by the plan, and the benefit amount payable, helps you and your **dentist** make informed decisions about the care you are considering.

Important Note

The pre-treatment review process is not a guarantee of benefit payment, but rather an estimate of the amount or scope of benefits to be paid.

When to Get an Advance Claim Review

An advance claim review is recommended whenever a course of dental treatment is likely to cost more than \$350. Ask your **dentist** to write down a full description of the treatment you need, using either an **Aetna** claim form or an ADA approved claim form. Then, before actually treating you, your **dentist** should send the form to **Aetna**. **Aetna** may request supporting x-rays and other diagnostic records. Once all of the information has been gathered, **Aetna** will review the proposed treatment plan and provide you and your **dentist** with a statement outlining the benefits payable by the plan. You and your **dentist** can then decide how to proceed.

The advance claim review is voluntary. It is a service that provides you with information that you and your **dentist** can consider when deciding on a course of treatment. It is not necessary for emergency treatment or routine care such as cleaning teeth or check-ups.

In determining the amount of benefits payable, **Aetna** will take into account alternate procedures, services, or courses of treatment for the dental condition in question in order to accomplish the anticipated result. (See *Benefits When Alternate Procedures Are Available* for more information on alternate dental procedures.)

What is a Course of Dental Treatment?

A course of dental treatment is a planned program of one or more services or supplies. The services or supplies are provided by one or more **dentists** to treat a dental condition that was diagnosed by the attending **dentist** as a result of an oral examination. A course of treatment starts on the date your **dentist** first renders a service to correct or treat the diagnosed dental condition.

What The Plan Covers (GR-9N 18-005-01-OK)

PPO Dental Plan

Schedule of Benefits for the PPO Dental Plan

PPO Dental is merely a name of the benefits in this section. The plan does not pay a benefit for all dental care expenses you incur.

Important Reminder

Your dental services and supplies must meet the following rules to be covered by the plan:

- The services and supplies must be **medically necessary**.
- The services and supplies must be covered by the plan.
- You must be covered by the plan when you incur the expense.

Covered expenses include charges made by a **dentist** for the services and supplies that are listed in the dental care schedule.

The next sentence applies if:

- A charge is made for an unlisted service given for the dental care of a specific condition; and
- The list includes one of more services that, under standard practices, are separately suitable for the dental care of that condition.

In that case, the charge will be considered to have been made for a service in the list that **Aetna** determines would have produced a professionally acceptable result.

Dental Care Schedule

The dental care schedule is a list of dental expenses that are covered by the plan. There are several categories of **covered expenses**:

- Preventive
- Diagnostic
- Restorative
- Oral surgery
- Endodontics
- Periodontics

These covered services and supplies are grouped as Type A, Type B or Type C.

- Pregnancy;
- Coronary artery disease/cardiovascular disease;
- Cerebrovascular disease; or
- Diabetes

Additional Covered Dental Expenses

- One additional prophylaxis (cleaning) per year.
- Scaling and root planing, (4 or more teeth); per quadrant;
- Scaling and root planing (limited to 1-3 teeth); per quadrant;
- Full mouth debridement;
- Periodontal maintenance (one additional treatment per year); and
- Localized delivery of antimicrobial agents. (Not covered for pregnancy)

Payment of Benefits

The additional prophylaxis, the benefit will be payable the same as other prophylaxis under the plan.

Important Reminder (GR-9N 18-010-04)

The **deductible, coinsurance** and maximums that apply to each type of dental care are shown in the *Schedule of Benefits*.

You may receive services and supplies from **network** and **out-of-network providers**. Services and supplies given by a **network provider** are covered at the **network** level of benefits shown in the *Schedule of Benefits*. Services and supplies given by an **out-of-network provider** are covered at the out-of-network level of benefits shown in the *Schedule of Benefits*.

Refer to *About the PPO Dental Coverage* for more information about covered services and supplies.

Rules and Limits That Apply to the Dental Plan (GR-9N-20-005-01-OK)

Several rules apply to the dental plan. Following these rules will help you use the plan to your advantage by avoiding expenses that are not covered by the plan.

Replacement Rule (GR-9N-20-010-01-OK)

Crowns, inlays, onlays and veneers, complete dentures, removable partial dentures, fixed partial dentures (bridges) and other prosthetic services are subject to the plan's replacement rule. That means certain replacements of, or additions to, existing crowns, inlays, onlays, veneers, dentures or bridges are covered only when you give proof to **Aetna** that:

- While you were covered by the plan, you had a tooth (or teeth) extracted after the existing denture or bridge was installed. As a result, you need to replace or add teeth to your denture or bridge.
- The present crown, inlay and onlay, veneer, complete denture, removable partial denture, fixed partial denture (bridge), or other prosthetic service was installed at least 8 years before its replacement and cannot be made serviceable.
- You had a tooth (or teeth) extracted while you were covered by the plan. Your present denture is an immediate temporary one that replaces that tooth (or teeth). A permanent denture is needed, and the temporary denture cannot be used as a permanent denture. Replacement must occur within 12 months from the date that the temporary denture was installed.

Tooth Missing but Not Replaced Rule

The first installation of complete dentures, removable partial dentures, fixed partial dentures (bridges), and other prosthetic services will be covered if:

- The dentures, bridges or other prosthetic services are needed to replace one or more natural teeth that were removed while you were covered by the plan; and
- The tooth that was removed was not an abutment to a removable or fixed partial denture installed during the prior 8 years. The extraction of a third molar does not qualify. Any such appliance or fixed bridge must include the replacement of an extracted tooth or teeth.

Alternate Treatment Rule (GR-9N-20-015-01)

Sometimes there are several ways to treat a dental problem, all of which provide acceptable results. When alternate services or supplies can be used, the plan's coverage will be limited to the cost of the least expensive service or supply that is:

- Customarily used nationwide for treatment, and
- Deemed by the dental profession to be appropriate for treatment of the condition in question. The service or supply must meet broadly accepted standards of dental practice, taking into account your current oral condition.

You should review the differences in the cost of alternate treatment with your **dental provider**. Of course, you and your **dental provider** can still choose the more costly treatment method. You are responsible for any charges in excess of what the plan will cover.

Coverage for Dental Work Begun Before You Are Covered by the Plan (GR-9N 20-020 01 OK)

Except for pre-existing conditions for adopted children, the plan does not cover dental work that began before you were covered by the plan. This means that the following dental work is not covered:

- An appliance, or modification of an appliance, if an impression for it was made before you were covered by the plan;
- A crown, bridge, or cast or processed restoration, if a tooth was prepared for it before you were covered by the plan; or
- Root canal therapy, if the pulp chamber for it was opened before you were covered by the plan.

The plan does cover dental expenses with respect to any adopted child of the insured or subscriber from the date of placement of the child in the custody of the insured or subscriber, provided the insurer is notified within thirty-one (31) days in writing. Coverage shall include the necessary care and treatment of dental conditions existing prior to the date of placement of the child in the custody of the insured or subscriber.

Coverage for Dental Work Completed After Termination of Coverage

Your dental coverage may end while you or your covered dependent is in the middle of treatment.

Please see also the Continuation of Coverage section of this certificate to determine if an Extension of Benefits for dental coverage may apply.

When your coverage ends, you or your covered dependent shall remain insured under the policy for a period of at least thirty (30) days unless you become entitled to similar coverage from some other source.

Late Entrant Rule (GR-9N 20-025-01)

The plan does not cover services and supplies given to a person age 5 or more if that person did not enroll in the plan:

- During the first 31 days the person is eligible for this coverage, or
- During any period of open enrollment agreed to by the Policyholder and **Aetna**.

This exclusion does not apply to charges incurred:

- After the person has been covered by the plan for 12 months, or
- As a result of **injuries** sustained while covered by the plan, or
- For services listed as Visits and X-rays, Visits and Exams, and X-ray and Pathology in the Dental Care Schedule.

What The PPO Dental Plan Does Not Cover (GR-9N-S-28-015-05-OK) (GR-9N-S-28-025-01-OK)

Not every dental care service or supply is covered by the plan, even if prescribed, recommended, or approved by your **physician** or **dentist**. The plan covers only those services and supplies that are **medically necessary** and included in the *What the Plan Covers* section. Sources of coverage or reimbursement may include your employer, workers' compensation, or an **occupational illness** or similar program under local, state or federal law. A source of coverage or reimbursement will be considered available to you even if you waived your right to payment from that source. If you are also covered under a workers' compensation law or similar law, and submit proof that you are not covered for a particular **illness** or **injury** under such law, that **illness** or **injury** will be considered "non-occupational" regardless of cause.

When Coverage Ends (GR-9N 30-005 02 OK)

Coverage under your plan can end for a variety of reasons. In this section, you will find details on how and why coverage ends, and how you may still be able to continue coverage. Please refer to the sections, Continuation of Coverage and Extension of Benefits, for more information.

When Coverage Ends for Employees (GR-9N 30-005 03 OK)

Your coverage under the plan will end if:

- The plan is discontinued;
- You voluntarily stop your coverage;
- The group policy ends;
- You are no longer eligible for coverage;
- You do not make any required contributions;
- You become covered under another plan offered by your employer;
- You have exhausted your overall maximum lifetime benefit under your medical plan, if your plan contains such a maximum benefit; or
- Your employment stops. This will be the date you stop active work. After that 30-day period, if premium payments are made on your behalf, your coverage may continue until stopped by your employer as described below. Your coverage will continue as described below unless you shall otherwise become entitled to similar insurance from some other source:
 - If you are not actively at work due to **illness or injury**, your coverage may continue, until stopped by your employer. Your coverage will not continue beyond the end of the next policy month after the policy month in which your absence started. A “policy month” is defined in the group policy on file with your employer.
 - If you are not actively at work due to temporary lay-off or leave of absence, your coverage will stop on your last full day you are actively at work before the start of the lay-off or leave of absence.

It is your employer’s responsibility to let **Aetna** know when your employment ends. The limits above may be extended only if **Aetna** and your employer agree, in writing, to extend them.

When Coverage Ends for Dependents (GR-9N 30-015 02 OK)

Coverage for your dependents will end if:

- You are no longer eligible for dependents’ coverage;
- You do not make the required contribution toward the cost of dependents’ coverage;
- Your own coverage ends for any of the reasons listed under *When Coverage Ends* for Employees (other than exhaustion of your overall maximum lifetime benefit, if included);
- Your dependent is no longer eligible for coverage. In this case, coverage ends at the end of the calendar month when your dependent no longer meets the plan’s definition of a dependent; or
- Your dependent becomes eligible for comparable benefits under this or any other group plan offered by your employer.

Coverage for dependents may continue for a period after your death. Coverage for handicapped dependents may continue after your dependent reaches any limiting age. See *Continuation of Coverage* for more information.

When your coverage ends, your dependents shall remain insured under the policy for a period of at least thirty (30) days unless you or your dependents become entitled to similar coverage from some other source.

Continuation of Coverage (GR-9N 31-010 03)

Continuing Health Care Benefits (GR-9N 31-015 01 OK) (GR9N DEP30)

Continuing Coverage for Dependent Students on Medical Leave of Absence (GR-9N 31-015 05 OK)

If your dependent child who is eligible for coverage and enrolled in this plan by reason of his or her status as a full-time student at a postsecondary educational institution ceases to be eligible due to:

- a medically necessary leave of absence from school; or
- a change in his or her status as a full-time student,

resulting from a serious **illness** or **injury**, such child's coverage under this plan may continue.

Coverage under this continuation provision will end when the first of the following occurs:

- The end of the 12 month period following the first day of your dependent child's leave of absence from school, or a change in his or her status as a full-time student;
- Your dependent child's coverage would otherwise end under the terms of this plan;
- Dependent coverage is discontinued under this plan; or
- You fail to make any required contribution toward the cost of this coverage.

To be eligible for this continuation, the dependent child must have been enrolled in this plan and attending school on a full-time basis immediately before the first day of the leave of absence.

To continue your dependent child's coverage under this provision you should notify your employer as soon as possible after your child's leave of absence begins or the change in his or her status as a full-time student. **Aetna** may require a written certification from the treating **physician** which states that the child is suffering from a serious illness or injury and that the resulting leave of absence (or change in full-time student status) is medically necessary.

Important Note

If at the end of this 12 month continuation period, your dependent child's leave of absence from school (or change in full-time student status) continues, such child may qualify for a further continuation of coverage under the Handicapped Dependent Children provision of this plan. Please see the section, *Handicapped Dependent Children*, for more information.

Handicapped Dependent Children (GR-9N 31-015 01 OK)

Health Expense Coverage for your fully handicapped dependent child may be continued past the maximum age for a dependent child. However, such coverage may not be continued if the child has been issued an individual medical conversion policy.

Your child is fully handicapped if:

- he or she is not able to earn his or her own living because of mental retardation or a physical handicap which started prior to the date he or she reaches the maximum age for dependent children under your plan; and
- he or she depends chiefly on you for support and maintenance.

Proof that your child is fully handicapped must be submitted to **Aetna** no later than 31 days after the date your child reaches the maximum age under your plan.

Coverage will cease on the first to occur of:

- Cessation of the handicap.
- Failure to give proof that the handicap continues.
- Failure to have any required exam.
- Termination of Dependent Coverage as to your child for any reason other than reaching the maximum age under your plan.

Aetna will have the right to require proof of the continuation of the handicap. **Aetna** also has the right to examine your child as often as needed while the handicap continues at its own expense. An exam will not be required more often than once each year after 2 years from the date your child reached the maximum age under your plan.

Extension of Benefits (GR-9N 31-020-01 OK)

Coverage for Health Benefits

If your health benefits end while you are totally disabled and you have been continuously covered under this Plan for health benefits for at least 6 months, then your health expenses will be extended as described below. To find out why and when your coverage may end, please refer to *When Coverage Ends*.

“Totally disabled” means that because of an **injury** or **illness**:

- You are not able to work at your own occupation and you cannot work at any occupation for pay or profit.
- Your dependent is not able to engage in most normal activities of a healthy person of the same age and gender.

Extended Health Coverage (GR-9N 31-020-01 OK)

Coverage will be available while you are disabled and undergoing a plan of surgical treatment but only for the plan of surgical treatment, which shall include maternity and delivery expenses which commenced prior to the termination. Coverage will be available for up to 6 months from the termination date.

A person will be deemed to be undergoing a plan of surgical treatment if:

- surgery was proposed prior to termination of coverage; and
- surgery is performed after such termination; or
- services are rendered in connection with surgery performed prior to such termination.

(GR-9N 31-020-01 OK)

Dental Benefits (other than Basic Dental benefits): Coverage will be available while you are totally disabled, for up to 12 months. Coverage will be available only if covered services and supplies have been rendered and received, including delivered and installed, prior to the end of that 12 month period.

When Extended Health Coverage Ends

Extension of benefits will end on the first to occur of the date:

- You are no longer totally disabled, or become covered under any other group plan with like benefits.
- Your dependent is no longer totally disabled, or he or she becomes covered under any other group plan with like benefits.

(This does not apply if coverage ceased because the benefit section ceased for your eligible class.)

COBRA Continuation of Coverage (GR-9N S-31-025-01 OK)

If your employer is subject to COBRA requirements, the health plan continuation is governed by the Federal Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA) requirements. With COBRA you and your dependents can continue health coverage, subject to certain conditions and your payment of premiums. Continuation rights are available following a “qualifying event” that would cause you or family members to otherwise lose coverage. Qualifying events are listed in this section.

Continuing Coverage through COBRA

When you or your covered dependents become eligible, your employer will provide you with detailed information on continuing your health coverage through COBRA.

You or your dependents will need to:

- Complete and submit an application for continued health coverage, which is an election notice of your intent to continue coverage.
- Submit your application within 60 days of the qualifying event, or within 60 days of your employer’s notice of this COBRA continuation right, if later.
- Agree to pay the required premiums.

Who Qualifies for COBRA

You have 60 days from the qualifying event to elect COBRA. If you do not submit an application within 60 days, you will forfeit your COBRA continuation rights.

Below you will find the qualifying events and a summary of the maximum coverage periods according to COBRA requirements.

Qualifying Event Causing Loss of Health Coverage	Covered Persons Eligible to Elect Continuation	Maximum Continuation Periods
Your active employment ends for reasons other than gross misconduct	You and your dependents	18 months
Your working hours are reduced	You and your dependents	18 months
Your marriage is annulled, you divorce or legally separate and are no longer responsible for dependent coverage	Your dependents	36 months
You become entitled to benefits under Medicare	Your dependents	36 months
Your covered dependent children no longer qualify as dependents under the plan	Your dependent children	36 months
You die	Your dependents	36 months
You are a retiree eligible for health coverage and your former employer files for bankruptcy	You and your dependents	18 months

Disability May Increase Maximum Continuation to 29 Months

If You or Your Covered Dependents Are Disabled.

If you or your covered dependent qualify for disability status under Title II or XVI of the Social Security Act during the 18 month continuation period, you or your covered dependent:

- Have the right to extend coverage beyond the initial 18 month maximum continuation period.
- Qualify for an additional 11 month period, subject to the overall COBRA conditions.
- Must notify your employer within 60 days of the disability determination status and before the 18 month continuation period ends.
- Must notify the employer within 30 days after the date of any final determination that you or a covered dependent is no longer disabled.
- Are responsible to pay the premiums after the 18th month, through the 29th month.

If There Are Multiple Qualifying Events.

A covered dependent could qualify for an extension of the 18 or 29 month continuation period by meeting the requirements of another qualifying event, such as divorce or death. The total continuation period, however, can never exceed 36 months.

Determining Your Premium Payments for Continuation Coverage

Your premium payments are regulated by law, based on the following:

- For the 18 or 36 month periods, premiums may never exceed 102 percent of the plan costs.
- During the 18 through 29 month period, premiums for coverage during an extended disability period may never exceed 150 percent of the plan costs.

When You Acquire a Dependent During a Continuation Period

If through birth, adoption or marriage, you acquire a new dependent during the continuation period, your dependent can be added to the health plan for the remainder of the continuation period if:

- He or she meets the definition of an eligible dependent,
- Your employer is notified about your dependent within 31 days of eligibility, and
- Additional premiums for continuation are paid on a timely basis.

Important Note

For more information about dependent eligibility, see the *Eligibility, Enrollment and Effective Date* section.

When Your COBRA Continuation Coverage Ends

Your COBRA coverage will end when the first of the following events occurs:

- You or your covered dependents reach the maximum COBRA continuation period – the end of the 18, 29 or 36 months. (Coverage for a newly acquired dependent who has been added for the balance of a continuation period would end at the same time your continuation period ends, if he or she is not disabled nor eligible for an extended maximum).
- You or your covered dependents do not pay required premiums.
- You or your covered dependents become covered under another group plan that does not restrict coverage for pre-existing conditions. If your new plan limits pre-existing condition coverage, the continuation coverage under this plan may remain in effect until the pre-existing clause ceases to apply or the maximum continuation period is reached under this plan.
- The date your employer no longer offers a group health plan.

- The date you or a covered dependent becomes enrolled in benefits under Medicare. This does not apply if it is contrary to the Medicare Secondary Payer Rules or other federal law.
- You or your dependent dies.

Conversion from a Group to an Individual Plan

You may be eligible to apply for an individual health plan without providing proof of good health:

- At the termination of employment.
- When loss of coverage under the group plan occurs.
- When loss of dependent status occurs.
- At the end of the maximum health coverage continuation period.

The individual policy will not provide the same coverage as the former group plan offered by your employer. Certain benefits may not be available. You will be required to pay the associated premium costs for the coverage. For additional conversion information, contact your employer or call the toll-free number on your member ID card.

Coordination of Benefits - What Happens When There is More Than One Health Plan

(GR-9N 33-005-01-OK)

When Coordination of Benefits Applies

Getting Started - Important Terms

Which Plan Pays First

How Coordination of Benefits Works

When Coordination of Benefits Applies

This Coordination of Benefits (COB) provision applies to this plan when you or your covered dependent has health coverage under more than one plan. “Plan” and “This plan” are defined herein. The Order of Benefit Determination Rules below determines which plan will pay as the primary plan. The primary plan pays first without regard to the possibility that another plan may cover some expenses. A secondary plan pays after the primary plan and may reduce the benefits it pays so that payments from all group plans do not exceed 100% of the total allowable expense.

Getting Started - Important Terms

When used in this provision, the following words and phrases have the meaning explained herein.

Allowable Expense means any necessary, reasonable, and customary item of expense including, coinsurance and **copayments** and without reduction of any applicable **deductible**, that is covered at least in part by any of the Plans covering the person. When a Plan provides benefits in the form of services (for example an HMO), the reasonable cash value of each service will be considered an allowable expense and a benefit paid. An expense or service that is not covered by any of the Plans is not an allowable expense. Any expense that a health care provider by law or in accordance with a contractual agreement is prohibited from charging a covered person is not an allowable expense. The following are examples of expenses and services that are not allowable expenses:

1. If a covered person is confined in a private **hospital** room, the difference between the cost of a semi-private room in the **hospital** and the private room is not an allowable expense. This does not apply for the period of time during which the patient's confinement to a private **hospital** room is deemed **medically necessary**, or if one of the Plans provides coverage for a private room.
2. If a person is covered by 2 or more Plans that compute their benefit payments on the basis of reasonable or **recognized charges**, any amount in excess of the highest of the reasonable or **recognized charges** for a specific benefit is not an allowable expense.
3. If a person is covered by 2 or more Plans that provide benefits or services on the basis of negotiated charges, an amount in excess of the highest of the negotiated charges is not an allowable expense.
4. The amount a benefit is reduced or not reimbursed by the primary Plan because a covered person does not comply with the Plan provisions regarding second surgical opinions, precertification of admissions, and preferred provider arrangements is not an allowable expense.
5. If all Plans covering a person are high deductible Plans and the person intends to contribute to a health savings account established in accordance with section 223 of the Internal Revenue Code of 1986, the primary high deductible Plan's deductible is not an allowable expense, except as to any health expense that may not be subject to the deductible as described in section 223(c)(2)(C) of the Internal Revenue Code of 1986.

If a person is covered by one Plan that computes its benefit payments on the basis of reasonable or **recognized charges** and another Plan that provides its benefits or services on the basis of negotiated charges, the primary plan's payment arrangements shall be the allowable expense for all the Plans. However, if the secondary plan has a negotiated fee or payment amount different from the primary plan and if the provider contract permits, that negotiated fee will be the allowable expense used by the secondary plan to determine benefits.

When a plan provides benefits in the form of services, the reasonable cash value of each service rendered shall be deemed an allowable expense and a benefit paid.

Closed Panel Plan(s). A plan that provides health benefits to covered persons primarily in the form of services through a panel of providers that have contracted with or are employed by the plan, and that limits or excludes benefits for services provided by other providers, except in cases of emergency or referral by a panel member.

Custodial Parent. A parent awarded custody by a court decree. In the absence of a court decree, it is the parent with whom the child resides more than one half of the calendar year without regard to any temporary visitation.

Plan. Any Plan providing benefits or services by reason of health care or treatment, which benefits or services are provided by one of the following:

- Group or nongroup, blanket, or franchise health insurance policies issued by insurers, including health care service contractors;
- Other prepaid coverage under service Plan contracts, or under group or individual practice;
- Uninsured arrangements of group or group-type coverage;
- Labor-management trustee Plans, labor organization plans, employer organization Plans, or employee benefit organization Plans;
- Medical benefits coverage in a group, group-type, and individual automobile "no-fault" and group or group-type traditional automobile "fault" type contracts;
- **Medicare** or other governmental benefits;
- Other group-type contracts. Group type contracts are those which are not available to the general public and can be obtained and maintained only because membership in or connection with a particular organization or group.

If the Plan includes medical, prescription drug, dental, vision and hearing coverage, those coverages will be considered separate plans. For example, Medical coverage will be coordinated with other Medical plans, and dental coverage will be coordinated with other dental plans.

This Plan is any part of the policy that provides benefits for health care expenses.

Primary Plan/Secondary Plan. The order of benefit determination rules state whether This Plan is a Primary Plan or Secondary Plan as to another Plan covering the person.

When This Plan is a primary Plan, its benefits are determined before those of the other Plan and without considering the other Plan's benefits.

When This Plan is a Secondary Plan, its benefits are determined after those of the other Plan and may be reduced because of the other Plan's benefits.

When there are more than two Plans covering the person, this Plan may be a Primary Plan as to one or more other Plans, and may be a Secondary Plan as to a different Plan or Plans.

How Coordination of Benefits Works (GR-9N 33-015-03)

When this Plan is secondary, it may reduce its benefits so that the total benefits paid or provided by all plans during a claim determination period are not more than 100% of total **allowable expenses**. The difference between the benefit payments that this Plan would have paid had it been the **primary plan**, and the benefit payments that it actually paid or provided shall be recorded as a benefit reserve for the covered person and used by this Plan to pay any **allowable expenses**, not otherwise paid during the claim determination period.

In addition, a **secondary plan** will credit to its plan deductible any amounts that would have been credited in the absence of other coverage.

Under the COB provision of **This Plan**, the amount normally reimbursed for covered benefits or expenses under **This Plan** is reduced to take into account payments made by other plans. The general rule is that the benefits otherwise payable under **This Plan** for all covered benefits or expenses will be reduced by all other plan benefits payable for those expenses. When the COB rules of **This Plan** and another plan both agree that **This Plan** determines its benefits before such other plan, the benefits of the other plan will be ignored in applying the general rule above to the claim involved. Such reduced amount will be charged against any applicable benefit limit of this coverage.

If a covered person is enrolled in two or more **closed panel plans** COB generally does not occur with respect to the use of panel providers. However, COB may occur if a person receives emergency services that would have been covered by both plans.

Right To Receive And Release Needed Information

Certain facts about health care coverage and services are needed to apply these COB rules and to determine benefits under this plan and other plans. **Aetna** has the right to release or obtain any information and make or recover any payments it considers necessary in order to administer this provision.

Facility of Payment

Any payment made under another plan may include an amount, which should have been paid under this plan. If so, **Aetna** may pay that amount to the organization, which made that payment. That amount will then be treated as though it were a benefit paid under this plan. **Aetna** will not have to pay that amount again. The term “payment made” means reasonable cash value of the benefits provided in the form of services.

Right of Recovery

If the amount of the payments made by **Aetna** is more than it should have paid under this COB provision, it may recover the excess from one or more of the persons it has paid or for whom it has paid; or any other person or organization that may be responsible for the benefits or services provided for the covered person. The recovery of any excess payment(s) must be initiated by **Aetna** within 24 months from the date said excess payment was made, unless said excess payment was made because of fraud committed by the claimant or health care provider, or if the claimant or health care provider has otherwise agreed to make a refund to **Aetna** for overpayment of the claim. The “amount of the payments made” includes the reasonable cash value of any benefits provided in the form of services.

When You Have Medicare Coverage

(GR-9N 33-020-01)

Which Plan Pays First

How Coordination with Medicare Works

What is Not Covered

This section explains how the benefits under **This Plan** interact with benefits available under **Medicare**.

Medicare, when used in this Booklet-Certificate, means the health insurance provided by Title XVIII of the Social Security Act, as amended. It includes Health Maintenance Organization (HMO) or similar coverage that is an authorized alternative to Parts A and B of **Medicare**

You are eligible for **Medicare** if you are:

- Covered under it by reason of age, disability, or
- End Stage Renal Disease.

If you are eligible for **Medicare**, the plan coordinates the benefits it pays with the benefits that **Medicare** pays. Sometimes, the **plan** is the primary payor, which means that the **plan** pays benefits before **Medicare** pays benefits. Under other circumstances, the **plan** is the secondary payor, and pays benefits after **Medicare**.

Which Plan Pays First

The plan is the primary payor when your coverage for the **plan's** benefits is based on current employment with your employer. The **plan** will act as the primary payor for the **Medicare** beneficiary who is eligible for **Medicare**:

- Solely due to age if the **plan** is subject to the Social Security Act requirements for **Medicare** with respect to working aged (i.e., generally a plan of an employer with 20 or more employees);
- Due to diagnosis of end stage renal disease, but only during the first 30 months of such eligibility for **Medicare** benefits. This provision does not apply if, at the start of eligibility, you were already eligible for **Medicare** benefits, and the **plan's** benefits were payable on a secondary basis;
- Solely due to any disability other than end stage renal disease; but only if the **plan** meets the definition of a large group health plan as outlined in the Internal Revenue Code i.e., generally a plan of an employer with 100 or more employees.

The plan is the secondary payor in all other circumstances.

How Coordination With Medicare Works

When the Plan is Primary

The **plan** pays benefits first when it is the primary payor. You may then submit your claim to **Medicare** for consideration.

When Medicare is Primary

Your health care expense must be considered for payment by **Medicare** first. You may then submit the expense to **Aetna** for consideration.

Aetna will calculate the benefits the **plan** would pay in the absence of **Medicare**:

The amount will be reduced so that when combined with the amount paid by **Medicare**, the total benefits paid or

provided by all plans for the claim do not exceed 100 %of the total **allowable expense**.

This review is done on a claim-by-claim basis.

Charges used to satisfy your Part B deductible under **Medicare** will be applied under the **plan** in the order received by **Aetna**. **Aetna** will apply the largest charge first when two or more charges are received at the same time.

Aetna will apply any rule for coordinating health care benefits after determining the benefits payable.

Right to Receive and Release Required Information *(GR-9N-S-33-025-01)*

Certain facts about health care coverage and services are required to apply coordination of benefits (COB) rules to determine benefits under **This Plan** and other **plans**. **Aetna** has the right to obtain or release any information, and make or recover any payments it considers necessary, in order to administer this provision.

General Provisions

(GR-9N 32-005 02 OK)

Type of Coverage

Coverage under the plan is **non-occupational**. Only **non-occupational** accidental **injuries** and **non-occupational illnesses** are covered. The plan covers charges made for services and supplies only while the person is covered under the plan.

Physical Examinations

Aetna will have the right and opportunity to examine and evaluate any person who is the basis of any claim at all reasonable times while a claim is pending or under review. This will be done at no cost to you.

Legal Action

No legal action can be brought to recover payment under any benefit after 3 years from the deadline for filing claims.

Aetna will not try to reduce or deny a benefit payment on the grounds that a condition existed before your coverage went into effect, if the loss occurs more than 12 months from the date coverage commenced. This will not apply to conditions excluded from coverage on the date of the loss.

Confidentiality

Information contained in your medical records and information received from any provider incident to the provider-patient relationship shall be kept confidential in accordance with applicable law. Information may be used or disclosed by **Aetna** when necessary for your care or treatment, the operation of the plan and administration of this Booklet-Certificate, or other activities, as permitted by applicable law. You can obtain a copy of **Aetna's** Notice of Information Practices by calling **Aetna's** toll-free Member Service telephone.

Additional Provisions

The following additional provisions apply to your coverage.

- This Booklet-Certificate applies to coverage only, and does not restrict your ability to receive health care services that are not, or might not be, covered.
- You cannot receive multiple coverage under the plan because you are connected with more than one employer.
- In the event of a misstatement of any fact affecting your coverage under the plan, the true facts will be used to determine the coverage in force.
- This document describes the main features of the plan. Additional provisions are described elsewhere in the *group policy*. If you have any questions about the terms of the plan or about the proper payment of benefits, contact your employer or **Aetna**.
- Your employer hopes to continue the plan indefinitely but, as with all group plans, the plan may be changed or discontinued with respect to your coverage.

Assignments (GR-9N 32-005 02 OK)

Coverage may be assigned only with the written consent of **Aetna**.

Assignments

Coverage may be assigned only with the written consent of **Aetna**. To the extent allowed by law, **Aetna** will not accept an assignment to an **out-of-network provider**, including but not limited to, an assignment of:

- The benefits due under this group insurance policy;
- The right to receive payments due under this group insurance policy; or
- Any claim you make for damages resulting from a breach or alleged breach, of the terms of this group insurance policy.

Misstatements

If any fact as to the Policyholder or you is found to have been misstated, a fair change in premiums may be made. If the misstatement affects the existence or amount of coverage, the true facts will be used in determining whether coverage is or remains in force and its amount.

All statements made by the Policyholder or you shall be deemed representations and not warranties. No written statement made by you shall be used by **Aetna** in a contest unless a copy of the statement is or has been furnished to you or your beneficiary, or the person making the claim.

Aetna's failure to implement or insist upon compliance with any provision of this policy at any given time or times, shall not constitute a waiver of **Aetna's** right to implement or insist upon compliance with that provision at any other time or times. This includes, but is not limited to, the payment of premiums. This applies whether or not the circumstances are the same.

Incontestability

As to Accident and Health Benefits:

Except as to a fraudulent misstatement, or issues concerning Premiums due:

- No statement made by the Policyholder or you or your dependent shall be the basis for voiding coverage or denying coverage or be used in defense of a claim unless it is in writing after it has been in force for 2 years from its effective date.
- No statement made by the Policyholder shall be the basis for voiding this Policy after it has been in force for 2 years from its effective date.
- No statement made by you, an eligible employee or your dependent shall be used in defense of a claim for loss incurred or starting after coverage as to which claim is made has been in effect for 2 years.

Reporting of Claims (GR-9N-32-015-01-OK)

A claim must be submitted to **Aetna** in writing. It must give proof of the nature and extent of the loss. Your employer has claim forms.

All claims should be reported promptly. The deadline for filing a claim is 90 days after the date of the loss.

If, through no fault of your own, you are not able to meet the deadline for filing claim, your claim will still be accepted if you file as soon as possible. Unless you are legally incapacitated, late claims for health benefits will not be covered if they are filed more than 2 years after the deadline.

Payment of Benefits (GR-9N-32-025-02)

Benefits will be paid as soon as the necessary proof to support the claim is received. Written proof must be provided for all benefits.

All covered health benefits are payable to you. However, **Aetna** has the right to pay any health benefits to the service provider. This will be done unless you have told **Aetna** otherwise by the time you file the claim.

Aetna will notify you in writing, at the time it receives a claim, when an assignment of benefits to a health care provider or facility will not be accepted.

Any unpaid balance will be paid within 30 days of receipt by **Aetna** of the due written proof.

Aetna may pay up to \$1,000 of any other benefit to any of your relatives whom it believes are fairly entitled to it. This can be done if the benefit is payable to you and you are a minor or not able to give a valid release. It can also be done if a benefit is payable to your estate.

Keep complete records of the expenses of each person. They will be required when a claim is made.

Very important are:

- Names of **dentists** who furnish services.
- Dates expenses are incurred.
- Copies of all bills and receipts.

Effect of Benefits Under Other Plans (GR-9N 32-035-01)

Effect of An Health Maintenance Organization Plan (HMO Plan) On Coverage

If you are in an eligible class and have chosen dental coverage under an HMO Plan offered by your employer, you will be excluded from dental expense coverage on the date of your coverage under such HMO Plan.

If you are in an eligible class and are covered under an HMO Plan providing dental coverage, you can choose to change to coverage for yourself and your covered dependents under this plan. If you:

- Live in an HMO Plan enrollment area and choose to change dental coverage during an open enrollment period, coverage will take effect on the group policy anniversary date after the open enrollment period. There will be no rules for waiting periods or preexisting conditions.
- Live in an HMO Plan enrollment area and choose to change dental coverage when there is not an open enrollment period, coverage will take effect only if and when **Aetna** gives its written consent.
- Move from an HMO Plan enrollment area or if the HMO discontinues and you choose to change dental coverage within 31 days of the move or the discontinuance, coverage will take effect on the date you elect such coverage. There will be no restrictions for waiting periods or preexisting conditions. If you choose to change coverage after 31 days, coverage will take effect only if and when **Aetna** gives its written consent.

Any extension of dental benefits under this plan will not apply on or after the date of a change to an HMO Plan.

No benefits will be paid for any charges for services rendered or supplies furnished under an HMO Plan.

Effect of Prior Coverage - Transferred Business (GR-9N 32-040 01 OK)

If your coverage under any part of this plan replaces any prior coverage for you, the rules below apply to that part.

"Prior coverage" is any plan of group coverage that has been replaced by coverage under part or all of this plan; it must have been sponsored by your employer (e.g., transferred business). The replacement can be complete or in part for the eligible class to which you belong. Any such plan is prior coverage if provided by another group contract or any benefit section of this plan.

Coverage under any other section of this plan will be in exchange for all privileges and benefits provided under any like prior coverage, which includes credit for the satisfaction or partial satisfaction of any waiting periods (including waiting periods for preexisting conditions) or deductibles under any like prior coverage. With respect to deductible provisions, the credit shall apply for the same or overlapping benefit periods and shall be given for expenses actually incurred any applied against the deductible provisions of the prior plan during the ninety (90) days preceding the effective date of this plan, but only to the extent that the expenses are recognized under the terms of the this plan and are subject to similar deductible provisions. Any benefits provided under such prior coverage may reduce benefits payable under this plan.

Discount Programs (GR-9N 32-045-01)

Discount Arrangements

From time to time, we may offer, provide, or arrange for discount arrangements or special rates from certain service providers such as pharmacies, optometrists, **dentists**, alternative medicine, wellness and health living providers to you under this plan. Some of these arrangements may be made available through third parties who may make payments to **Aetna** in exchange for making these services available.

The third party service providers are independent contractors and are solely responsible to you for the provision of any such goods and/or services. We reserve the right to modify or discontinue such arrangements at any time. These discount arrangements are not insurance. There are no benefits payable to you nor do we compensate providers for services they may render through discount arrangements.

Incentives (GR-9N 32-045-01)

In order to encourage you to access certain medical services when deemed appropriate by you in consultation with your **physician** or other service providers, we may, from time to time, offer to waive or reduce a member's **copayment, coinsurance, and/or a deductible** otherwise required under the plan or offer coupons or other financial incentives. We have the right to determine the amount and duration of any waiver, reduction, coupon, or financial incentive and to limit the covered persons to whom these arrangements are available.

This also includes a health professional who:

- Is properly licensed or certified to provide medical care under the laws of the jurisdiction where he or she practices;
- Provides medical services which are within the scope of his or her license or certificate;
- Under applicable insurance law is considered a "physician" for purposes of this coverage;

R (GR-9N 34-090 02)

Recognized Charge

Only that part of a charge which is less than or equal to the **recognized charge** is a **covered benefit**. The **recognized charge** for a service or supply is the lowest of:

- The provider's usual charge for furnishing it;
- The charge **Aetna** determines to be appropriate, based on factors such as the cost of providing the same or a similar service or supply and the manner in which charges for the service or supply are made, billed or coded; or the provider charge data from the Ingenix Incorporated Prevailing HealthCare Charges System (PHCS) at the 80th percentile of PHCS data. This PHCS data is generally updated at least every six months.
- The charge **Aetna** determines to be the usual charge level made for it in the geographic area where it is furnished.

In determining the **recognized charge** for a service or supply that is:

- Unusual; or
- Not often provided in the geographic area; or
- Provided by only a small number of **providers** in the geographic area;

Aetna may take into account factors, such as:

- The complexity;
- The degree of skill needed;
- The type of specialty of the **provider**;
- The range of services or supplies provided by a facility; and
- The **recognized charge** in other geographic areas.

In some circumstances, **Aetna** may have an agreement with a provider (either directly, or indirectly through a third party) which sets the rate that **Aetna** will pay for a service or supply. In these instances, in spite of the methodology described above, the **recognized charge** is the rate established in such agreement.

As used above, the term “geographic area” means a Prevailing HealthCare Charges System (PHCS) expense area grouping. Expense areas are defined by the first three digits of the U.S. Postal Service zip codes. If the volume of charges in a single three digit zip code is sufficient to produce a statistically valid sample, an expense area is made up of a single three digit zip code. If the volume of charges is not sufficient to produce a statistically valid sample, two or more three digit zip codes are grouped to produce a statistically valid sample. When it is necessary to group three digit zip codes, PHCS never crosses state lines. This data is produced semi-annually. Current procedure codes that have been developed by the American Medical Association, the American Dental Association, and the Centers for Medicare and Medicaid Services are utilized.

R.N.

Receive Information about Your Plan and Benefits

Examine, without charge, at the Plan Administrator's office and at other specified locations, such as worksites and union halls, all documents governing the Plan, including insurance contracts, collective bargaining agreements, and a copy of the latest annual report (Form 5500 Series) that is filed by the Plan with the U.S. Department of Labor and available at the Public Disclosure Room of the Employee Benefits Security Administration.

Obtain, upon written request to the Plan Administrator, copies of documents governing the operation of the Plan, including insurance contracts, collective bargaining agreements, and copies of the latest annual report (Form 5500 Series), and an updated Summary Plan Description. The Administrator may make a reasonable charge for the copies.

Receive a copy of the procedures used by the Plan for determining a qualified domestic relations order (QDRO) or a qualified medical child support order (QMCSO).

Continue Group Health Plan Coverage

Continue health care coverage for yourself, your spouse, or your dependents if there is a loss of coverage under the Plan as a result of a qualifying event. You or your dependents may have to pay for such coverage. Review this summary plan description and the documents governing the Plan for the rules governing your COBRA continuation coverage rights.

Reduction or elimination of exclusionary periods of coverage for preexisting conditions under your group health plan, if you have creditable coverage from another plan. You should be provided a certificate of creditable coverage, free of charge, from your group health plan or health insurance issuer when you lose coverage under the Plan, when you become entitled to elect COBRA continuation coverage, when your COBRA continuation coverage ceases, if you request it before losing coverage, or if you request it up to 24 months after losing coverage. Without evidence of creditable coverage, you may be subject to preexisting condition exclusion for 12 months after your enrollment date in your coverage under this Plan. Contact your Plan Administrator for assistance in obtaining a certificate of creditable coverage.

Prudent Actions by Plan Fiduciaries

In addition to creating rights for plan participants, ERISA imposes duties upon the people who are responsible for the operation of the employee benefit plan. The people who operate your Plan, called "fiduciaries" of the Plan, have a duty to do so prudently and in your interest and that of other plan participants and beneficiaries. No one, including your employer, your union, or any other person, may fire you or otherwise discriminate against you in any way to prevent you from obtaining a welfare benefit or exercising your rights under ERISA.

Enforce Your Rights

If your claim for a welfare benefit is denied or ignored, in whole or in part, you have a right to know why this was done, to obtain documents relating to the decision without charge, and to appeal any denial, all within certain time schedules.

Under ERISA there are steps you can take to enforce the above rights. For instance, if you request materials from the Plan and do not receive them within 30 days you may file suit in a federal court. In such a case, the court may require the Plan Administrator to provide the materials and pay up to \$ 110 a day until you receive the materials, unless the materials were not sent because of reasons beyond the control of the Administrator.

If you have a claim for benefits which is denied or ignored, in whole or in part, you may file suit in a state or federal court. In addition, if you disagree with the Plan's decision or lack thereof concerning the status of a domestic relations order or a medical child support order, you may file suit in a federal court.

If it should happen that plan fiduciaries misuse the Plan's money or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor or you may file suit in a federal court. The court will decide who should pay court costs and legal fees. If you are successful, the court may order the person you have sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees, for example, if it finds your claim is frivolous.

Assistance with Your Questions

If you have any questions about your Plan, you should contact the Plan Administrator.

If you have any questions about this statement or about your rights under ERISA, you should contact:

- the nearest office of the Employee Benefits Security Administration, U.S. Department of Labor, listed in your telephone directory; or
- the Division of Technical Assistance and Inquiries, Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Avenue, N.W., Washington D.C. 20210.

You may also obtain certain publications about your rights and responsibilities under ERISA by calling the publications hotline of the Employee Benefits Security Administration.

Continuation of Coverage During an Approved Leave of Absence Granted to Comply With Federal Law

This continuation of coverage section applies only for the period of any approved family or medical leave (approved FMLA leave) required by Family and Medical Leave Act of 1993 (FMLA). If your Employer grants you an approved FMLA leave for a period in excess of the period required by FMLA, any continuation of coverage during that excess period will be subject to prior written agreement between Aetna and your Employer.

If your Employer grants you an approved FMLA leave in accordance with FMLA, you may, during the continuance of such approved FMLA leave, continue Health Expense Benefits for you and your eligible dependents.

At the time you request the leave, you must agree to make any contributions required by your Employer to continue coverage. Your Employer must continue to make premium payments.

If Health Expense Benefits has reduction rules applicable by reason of age or retirement, Health Expense Benefits will be subject to such rules while you are on FMLA leave.

Coverage will not be continued beyond the first to occur of:

- The date you are required to make any contribution and you fail to do so.
- The date your Employer determines your approved FMLA leave is terminated.
- The date the coverage involved discontinues as to your eligible class. However, coverage for health expenses may be available to you under another plan sponsored by your Employer.

Any coverage being continued for a dependent will not be continued beyond the date it would otherwise terminate.

If Health Expense Benefits terminate because your approved FMLA leave is deemed terminated by your Employer, you may, on the date of such termination, be eligible for Continuation Under Federal Law on the same terms as though your employment terminated, other than for gross misconduct, on such date. If the group contract provides any other continuation of coverage (for example, upon termination of employment, death, divorce or ceasing to be a defined dependent), you (or your eligible dependents) may be eligible for such continuation on the date your Employer determines your approved FMLA leave is terminated or the date of the event for which the continuation is available.

If you acquire a new dependent while your coverage is continued during an approved FMLA leave, the dependent will be eligible for the continued coverage on the same terms as would be applicable if you were actively at work, not on an approved FMLA leave.

If you return to work for your Employer following the date your Employer determines the approved FMLA leave is terminated, your coverage under the group contract will be in force as though you had continued in active employment rather than going on an approved FMLA leave provided you make request for such coverage within 31 days of the date your Employer determines the approved FMLA leave to be terminated. If you do not make such request within 31 days, coverage will again be effective under the group contract only if and when Aetna gives its written consent.

If any coverage being continued terminates because your Employer determines the approved FMLA leave is terminated, any Conversion Privilege will be available on the same terms as though your employment had terminated on the date your Employer determines the approved FMLA leave is terminated.
